PVCu & ALUMINIUM BI-FOLD DOORS
SLEEK STYLE, SOLID DESIGN

PVCu Bi-Fold Doors

Sleek Style, Solid Design

Bi-folding doors glide open to seamlessly join inside and outside space. Flood any room with natural light and, in just a couple of seconds, open up for extra space and the feel of a cool summer breeze.

The addition of a bi-fold door can completely transform a living space – their flexible nature means they can be fully opened, partially opened, or totally closed depending on the space available and, naturally, on what the weather is like. Versatile and aesthetically pleasing, our bi-fold doors are the perfect replacement for existing patio or French doors to flood any room with natural light.

All of our bi-fold doors are designed with slim contemporary lines and hidden gearing. Sophisticated hardware has never looked so sleek and stylish.

The benefits of PVCu bi-fold doors

It's not just about beauty. The PVCu bi-fold doors utilise industry leading technology that gives you – and your home – the absolute cutting edge in looks, weathering, and security. Our bi-fold doors are the full package – excellence both inside and out.

- Shootbolt locking for all doors and 3 hook locking to master door
- A Rated energy efficient performance
- Double and triple glazed options
- Choose from 2 to 6 door panels
- All manufactured hardware achieves Secure By Design

“Bi-fold doors are the perfect way to bring sunlight and warmth into your home.”

Aluminium Bi-Fold Doors

Innovative and Visually Stunning

It's not just about beauty. Our aluminium bi-fold doors combine the very best materials with high performing double and triple glazed glass units for the complete energy efficient solution.

Aluminium bi-fold doors have numerous configurations to suit your home and lifestyle needs, with a range of solid and combination colours to match any decor. The suited hardware features the latest in security technology, and ease of use that makes the bi-fold doors the perfect fit for any home.

"Bi-fold doors are the perfect way to transform your living space."

Security

High Security Performance

Nothing matters more to a homeowner than security. Using the latest technology, the bi-fold doors ensure that you and your family's safety is never in question.

Peace of mind

All of our doors use shootbolt locking features, with 3 hook locking and latch for all master doors. The security doesn't compromise the bi-fold doors' sleek design though – all the locking systems are enclosed within the PVCu/aluminium casing, maintaining the pleasant aesthetic and keeping the mechanism away from interference. All hardware is approved as Secured By Design, offering peace of mind and safety for you and your home.

Security Features

- Shootbolt locking for all doors
- 3 hook locking to master door
- One piece keeps
- Rollers protected within outer frame
- All manufactured hardware tested to Secure by Design

Energy Efficiency

High Performing, Energy Efficient Bi-fold Doors

Modern designs for modern times – the absolute latest in purpose design using high performing materials.

Whether it's a drizzly winter's evening or a July heatwave, the bi-fold doors will keep you comfortable, while saving money on your energy bills. Every inch of the door, from the frame through to the glass pane, is designed to maximise efficiency, and ensure that your home lets in natural light, without letting heat escape.

Our PVCu and aluminium bi-fold doors combine the very best materials with high performing double and triple glazed glass units for the complete energy efficient solution.

Our bi-fold doors include Q-Lon weather seals. With excellent compression recovery of 99% the Q-Lon gasket retains its shape year after year. It operates perfectly in temperatures from -20 to +70°C and has the best acoustic and thermal performance across the widest temperature range.

Ancillary Options

We have a range of thresholds designed to suit your lifestyle needs, offering integrated roller tracks, thermal performance and available in an extensive colour range.

Low threshold*

30mm high, our low threshold provides a minimal height while maintaining performance.

Low threshold

Our low threshold can also be used as a room divider when sunken into the floor, allowing the door to seamlessly join with the rest of the room.

Rebated 52mm threshold*

Our standard threshold, offering exceptional weather performance with a 52mm upstand.

Rebated 52mm threshold

Standard 68mm threshold

Standard 68mm rebated threshold offers superb weather performance and is available in all foil options for seamless aesthetics.

Standard 68mm threshold

* Available in silver and black anodised finishes.

Hardware Options

Your hardware your way

No matter what configuration you decide on, we have a range of suited hardware that will be perfect for you.

Whatever style you've decided on for your home, there's a perfect option waiting for you.
